

Setting the new performance standard, the **MS500S** includes innovative features also seen in the **MS500** such as cash recycling technology, self-audit, and continuous speed. Engineered as a smaller, sit-down model, the **MS500S** brings your branch next generation TCR functionality and security.

KEY FEATURES

SECURE CASH

Our external Transit Cassette dramatically reduces cash exposure and is interchangeable with other Hyosung products. Tellers can load and remove cash from the recycler without opening the safe, securely transfer cash in the branch, the cassettes are easy to repair, operate and replace.

SELF-AUDIT

The **MS500S** can self-audit without exposing cash, contains single denomination audit, the self-audit takes only minutes and can be run at the best time for the teller and the branch.

CAPACITY

Total recycling capacity of over 8,000 note. Cassette technology, cassettes are configurable to meet your unique needs.

SPEED

Market leading note speed at 12 notes per second for both deposits and withdrawals, plus transit cassette transactions.

CASH COUNT

With a built in currency counter, quick cash counts can be performed.

CONTINUOUS FEED

The continuous feed capability allows bulk deposit processing with no note limit. The speed and continuous feed combined make a big difference in branches where there are large commercial deposits.
